Product Datasheet - Disposable Underpads

Product description

Highly absorbant underpads for a varity of uses, e.g., on the operating bed during surgery, under the head of the patient, during dental proceedures, in cages during recovery or on the floor in theatre during surgeries with excessive amounts of liquid.
The core of the underpad absorbs and encapsules the liquid, leaving the contact surface towards the patient dry and comfortable.

Specifications	
Product designation	Disposable Underpads
Brand	Vetnordic
Structure	PE + tissue + Pulp + SAP + tissue + nonwoven, little diamond pattern
Material	First layer: PP nonwoven SS 13gsm, white, Hydrophilic nonwoven. MD>13.5N/25mm, CD>5.5N/25mm
	Second layer: Tissue paper, white, 100% NEW wood pulp paper, 13.5gsm
	Third layer: Brazilian fluff pulp, white, 21041: 9.1g, 21042: 21g, 21043: 30.03g, 21044: 41.76g Superabsorbent Polymer (SAP) : 21041: 3g, 21042: 4g, 21043: 5g, 21044: 8g
	Forth layer: Tissue paper, white, 100% NEW wood pulp paper, 13.5gsm
	Fifth layer: White PE, 20gsm MD>3.3N CD>2.5N, enlongation MD>170%, CD>55%
Absorbency	See schedule below
Color	White
Product standards	EN 93/42/CE
Sterile/Non-sterile	Non-sterile
Shelf life	5 years
Country of origin	China
Certificates FSC™ www.fsc.org FSC™ N004337 The mark of responsible forestry	Vetnordic has an FSC promotional license (FSC™ N004337). This means that we are approved by FSC Denmark to use FSC's trade-marks in communication and promotion.
